Quality Certified BUILT-TO-sPRINT® CABLE ASSEMBLIES

BUILT-TO-sPRINT® CABLE ASSEMBLIES

From one-off demand to mass production, AXON' is able to offer BUILT-TO-sPRINT® cable assemblies and harnesses for your application. Upon receipt of a specific technical data package including drawings, specifications, prescribed bill of materials, AXON' CABLE will review and process the package to manufacture cable assemblies or harnesses in a very short time.

BUILT-TO-sPRINT® CABLE ASSEMBLIES AND HARNESSES offered by AXON' CABLE can be terminated with any type of connectors : standard, RF, Ethernet, D-Sub, MIL-DTL-83513, MIL-DTL-38999, custom-designed, miniature, metal, plastic or terminals.

AXON' BUILT-TO-sPRINT® process is based on :

- > Quick quote
- > Reactivity
- > Fast production
- > Quick delivery
- > Certified quality process

With 50-year experience, AXON' CABLE is a worldwide leader in interconnect solutions.

The company excels in the design and manufacture of wires, cables, terminated harnesses and interconnect solutions for applications including aeronautics, military and industrial markets. The company can also offer built-to-spec and custom designed cable assemblies.

CERTIFIED QUALITY

Our manufacturing harness capability consists of highly skilled and experienced operators trained to IPC/WHMA-A-620. They are familiar with all aspects of cable assembly :

- > Wiring systems
- > Overmoulding
- > EMI optimized connectors and accessories
- > Rugged cable assemblies and harnesses

In order to meet customers' requirements, AXON' CABLE is continuously developing its quality programme.
